

# Watch and learn how to make Fused Glass Lillies, by Jack DeNina

Jack DeNina is known for his beautiful glass lilies made from the pattern found in our [Fused Glass Flowers Book](#). To drape the lilies Jack uses our GM50 mold which you can buy by [clicking here](#) or ask for the mold from your glass supplier.

## *Bio*

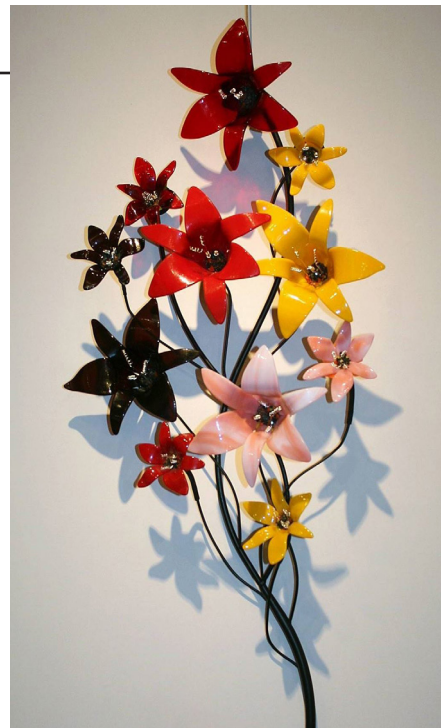

Jack is a fused glass artist who makes his home in Panorama Village Texas , a suburb of Houston where he creates one-of-a-kind works of art using glass fusing techniques.

Always attracted to the transformation of various glass working techniques, he concentrates in the fusion of glass, developing and implementing his personal interpretation of the materials creating his glass Luminous Sculptures and Fused Glass Florals.

Jack is a member of the Conroe Art League and frequently exhibits his art work at the Madeley Art Gallery in Conroe.

All art pieces photographed were made by Jack DeNina.
